Sheraton 5 Gas, shown with Gazco Grafton Limestone mantel and Belgravia polished cast front.  
Front cover: Sheraton 5 Gas, shown with Claremont Antique White Marble mantel.

# TIMELESS DESIGN MEETS TECHNICAL INNOVATION

Brand new for 2019, the Sheraton 5 Gas Stove brings style, elegance, and stunningly realistic flame visuals to any interior.

Beautifully made, this timeless stove features cast iron bevelling and corning to the door, top plate and base, for quality you can appreciate even when it's off.

Inside this refined exterior, our latest high efficiency gas flame technology provides a superbly authentic display. Multiple burners, hidden beneath a highly realistic log-effect, ensure a natural and varied fire. Beneath the richly detailed logs, ceramic stones creates the illusion of burning embers for ultimate realism.

For enhanced visual depth and clarity, we have lined the Sheraton's firebox with our EchoFlame™ Black Glass Lining, which reflects the flames on each side to increase viewing angles.

## KEY DETAILS

- ▶ Heat output: up to 4.0kW
- ▶ High Efficiency: CF: 76% / BF: 90.6%
- ▶ Energy Efficiency Class: CF: **D** BF: **B**
- ▶ Fully-sequential thermostatic Remote Control
- ▶ EchoFlame Black Glass lining
